## Patents and Publications

Associative Relevancy knowledge profiling architecture, system, method, and computer program product

CA	A1	CA2684892	Apr 21 2008	Patent	Grant
EP	A1	EP2149110	Apr 21 2008	Patent	Application
WO	A1	W02008134279	Apr 21 2008	Patent	Application
US	82	U88914318	Apr 21 2008	Patent	Grant
US	82	U89530097	Nov26 2014	Patent	Grant
US	A1	U820170109635	Dec 27 2016	Patent	Application

Semantic relationship extraction, text categorization and hypothesis generation

US	82	USS494987	Jan 28 2009	Patent	Grant (Full license back)
----	----	-----------	-------------	--------	---------------------------

System and Method for Automatically Generating Hypothesis from Literature Databases

US	82	U860/782935	Mar 15 2006	Patent	Grant (Full license back)
----	----	-------------	-------------	--------	---------------------------
